

## Finite Earth Movement & Us

# FEM'US Pledge

## FEM'Us Volunteer – Roles & Responsibilities

### Who is a FEM'Us Volunteer?

A FEM'Us Volunteer is someone who has taken the pledge of Finite Living and invites others also to do the same, as we all share the same planet. Climate change is our collective problem and can be addressed only collectively.

#### 1. Take Ownership First

Having understood the importance of finite living, a volunteer commits to following the pledge sincerely. Lead by example. Ensure that you don't just promote but practice.

#### 2. Spread the Pledge

The first responsibility is simple: Invite more people to take the Finite Living Pledge Talk to friends, family, colleagues and other unknown people in society. Share your FEM'Us code or referral link with an invite message.

#### 3. Create a FEM'Us Circle

Create a WhatsApp group with people who have taken the pledge through you. Keep it small (5 - 15 people). This becomes your FEM'Us Circle.

#### 4. Stay Connected

Keep your circle active. Share reminders and experiences. Encourage others to continue the pledge. Keep the conversation simple and positive

#### 5. Multiply the Movement

Encourage each member in your circle to invite at least 5 more people This is how the movement grows.
